1.0 PURPOSE

1.1. To keep an accurate record of Narcotic and Controlled drug.

1.2. To detect if any Narcotic drug or empty ampoule is missing.

1.3. To establish a safe practice for the storage of Narcotic and Controlled Drug available in the nursing unit for immediate use

2.0 DEFINITION/ABBREVIATION

2.1. **Endorsement of Narcotic and Controlled** drug refers to the handover of responsibility for Narcotic and other Controlled drug from outgoing nurse to the in-coming nurse.

3.0 RESPONSIBILITY

3.1. Nurse (Head Nurse, Charge Nurse, Staff Nurse)

4.0 POLICY

4.1. Narcotic storage cabinet is safe, made of steel and should be double-locked at all times.

4.2. Narcotic key should always be with the Charge Nurse of each shift.

4.3. Always endorse the Narcotic key to a responsible RN, every time the Charge Nurse is out of the unit.

4.4. Auditing of Narcotic and Controlled Drug should be done by in-coming and outgoing charge nurses; both should be present during the counting and should sign in each other's presence.

4.5. Both outgoing and in-coming Charge Nurses will count the number of empty ampoules that should be equal to the number of prescriptions with completed administered doses, the number of full by ampoules should be equal to the number of doses not given, and Narcotic record book should be signed both charge nurses.

4.6. Any lost Narcotic or broken ampoules should be reported immediately to the Head Nurse or Nurse Supervisor, an incident report must be submitted to the Director of Nursing through proper channel.

4.7. When using only part of the dose or ampoule, remaining portion must be discarded with the presence of a witness. Write the exact amount of Narcotic discarded in the prescription form and Narcotic book, countersigned by the witness.

4.8. Replacement of stock should be done by the Head Nurse or authorized staff, empty ampoules with completed drug prescription must be replaced by the Pharmacist in-charge of Narcotic.

4.9. If Narcotic key is lost, staff on duty should not leave the unit unless the Narcotic steel cabinet is open (by Maintenance Department), and the Charge nurse must confirm the availability of the drugs. Incident report should be written, lock should be changed immediately

5.0 PROCEDURE (S)

5.1. Count at the end of every shift all narcotics and controlled drugs in the presence of a witness and the head nurse or charge nurse. Record and sign in the Narcotic endorsement book.

5.2. Auditing of narcotic and controlled drug should be done by in-coming and outgoing Charge Nurses in the presence of a witness.

5.3. Charge Nurses will count the number of empty ampoules that should be equal to the number of prescriptions with completed administered doses.

5.4. The number of full ampoules should be equal to the number of doses not given; Narcotic record book should be signed by both Nurses.

5.5. Inform the Head Nurse and Nurse Supervisor if discrepancies were observed.

5.6. If the discrepancy is not solved, submit an incident report to the Director of Nursing through proper channel.

5.7. Replace wasted materials of drug lost through breakage or spillage within 24 hours with the corresponding report to the Director of Nursing.

5.8. When using only part of the dose or ampoule, the waste portion must be documented and "discarded" written in the Narcotic record book, and Narcotic prescription
